Begging to differ
Your reign will soon be over
The recipe for your demise
Has been boiled down

You need the courage
To get the heart you always needed
The road will be long
But soon you'll get there

Shameless, shameless
Trickery makes us timeless
But we never had a choice
And we never had a voice

Violence, violence
Blood red colored romance
And your scent gives you away
Gives us all away

Wide awake
The secret
