Teyana Taylor

I heard that you feelin' Teyana  
You said she a fly lil mama (aaahhh)  
I heard that you feelin' Teyana  
You swear she a fly lil mama

Dreams of sleeping with a R&B chick, B chick  
I heard your little bars about my cleavage, dream shit  
Don't waste my time, if you comin' nigga, come right  
Got a couple niggas on my line  
Nigga all I'm tryna say  
You know that I hear you, boy  
Niggas talk that shit all day  
Tell me you something different, boy  
Ooh boy, I want different  
Boy, I want something different  
So you better come with it  
Boy you better come with it  
'Cause whoever get in it  
Is automatically winnin' oh

Dreams of sleeping with a R&B chick, B chick  
This pedestal so high niggas can't reach it  
And yet I hear you runnin' game  
You're not the first to sing my name  
Everyone want a Teyana  
A singer, a dancer, designer  
I heard you in love with a Harlem  
Ass doesn't shake when she walkin'  
No need to send me no bottle  
Nigga, I pay for my order  
Should be accustom to customs  
Had that ass crossin' the border  
Had yo ass crossin' the border

Dreams of sleepin' with an R&B—  
And I know you got them dreams of fuckin' me  
So stop wastin' time  
If you comin' nigga, come right  
Got a couple niggas on my line  
But boy, you know that I'm taken  
Boy, you know that I'm taken  
I don't really wanna play again  
And I'm gone and I'm taken  
'Cause you know that I'm taken  
I apologize, apologize  
That I got ya hype but blow my mind now  
I apologize, but I'm taken  
Apologize but I'm taken  
Fantasy girl, fantasy world
