

# It Could Just Be Love

Teyana Taylor

Give me your love love, gimme

You knock me down, my pride hits the ground  
Don't know if this is going away  
My heartbeat jumps to the tip of my tongue  
I think you're wanting to say come over here

Give me your love love, gimme  
Give me your love love, gimme  
Boy, you don't know what you're doin' to me  
Just give me your love love, gimme  
Right here, don't care

It could just be love or something like it  
Boy, I don't know  
But I need you right now  
It could just be love or something like it  
I think I like it  
And I'll know soon enough

I let you in, sweet blissful sin  
Questioning if you're worth my religion  
My heart skips only to the beat of your drum  
I can feel your rhythm calling me, saying

Give me your love love, gimme  
Give me your love love, gimme (ooh, ahh)  
Boy, you don't know what you're doin' to me  
Just give me your love love, gimme  
Right here, don't care

It could just be love or something like it  
Boy, I don't know (boy, I don't know)  
But I need you right now  
It could just be love or something like it  
I think I like it  
But I'll know soon enough

Struck down, sure that love is a gun  
Shot down, I'm another victim  
Coldblood, leaving me here lonely (no)  
First thought, was I the only one thinking?  
Well, I was right from the beginning  
Despite both of our good intentions  
Love was a gun to me

It could just be love or something like it  
Boy, I don't know  
But I need you right now  
It could just be love or something like it  
I think I like it  
But I'll know soon enough

Give me your love love, gimme  
Give me your love love, gimme  
Give me your love love, gimme  
Give me your love love, gimme
