

## Put Your Love On

Teyana Taylor

Right, baby come and do my body right  
I don't care about who's on my line  
We should be alone, just you and I  
Time, look at how we're losing track of time  
That's what happens when you spend the night  
You get out my bed, you hold me tight, boy

Boy, you know that I love it love it when you're in control  
I return the favor to you, nice and slow  
You know how we do  
Baby, my love is on you  
I love how you adore me, you deserve it all, baby  
I love how you adore me, you deserve it all, baby

Put your love on me, put your love on  
Put your love on me, yeah I love you some  
Put your love on me, put your love on  
Put your love on me, boy I love you some, you

So right, baby don't forget to hit the lights  
So right, baby don't forget to hit the lights  
Creeping through the back door  
I see you every morning  
Put the rock on, shining bright  
Give me more

Boy, you know that I love it love it when you're in control  
I return the favor to you, nice and slow  
You know how we do  
Baby, my love is on you  
I love how you adore me, you deserve it all, baby  
I love how you adore me, you deserve it all, baby

Put your love on me, put your love on  
Put your love on me, yeah I love you some  
Put your love on me, put your love on  
Put your love on me, boy I love you some, you
