

I Need

TGT

I hope you see my heart from here,
And I hope that this will make us strong,
I hope the truth has made it clear,
And I hope that we can learn and move on,
This time the stakes are way too high,
I see what I'm about to lose,
It's time I let the old me die,
Mistakes or love I gotta choose.

I know I said that I was gonna change a long time ago,
That's what I said (I said, I said),
Guess it takes some dirt in order for a real man to grow.

Now I know,
It ain't ever worth your heart,
And it ain't ever worth your tears,
And it ain't ever worth those scars that might not heal,
I need, I need, I need (you),
I need, I need, I need (you),
I need, I need, I need (you),
I need (now my love) I need, I need (you)
I need (now I know), I need (now I know), I need

Tired of being in the same place,
I done ran out of ways to say I'm sorry,
Stand in front of a judge on the same case,
Tired of being dead last in the same race,
I'll admit it,
Probably should not did it,
Trust is breaking down,
I don't know how to fix it,
We've been here before,
Don't know how to act,
If I let you walk out the door,
I know you ain't coming back baby.

I know I said that I was gonna change a long time ago,
That's what I said (I said, I said),
Guess it takes some dirt in order for a real man to grow.

It ain't ever worth your heart,
And it ain't ever worth your tears,
And it ain't ever worth those scars that might not heal,
I need, I need, I need (you),
I need, I need (now I know), I need (you),
I need, I need, I need,
I need (now I know), I need (now I know), I need

I can't let you go,
I'm in love,
I know the things I did was wrong,
Please girl let me make it up,
And your the best I've ever had,
Baby you're all that I need,
You gave me everything,
And I took it for granted,
So can we go (somewhere we can be) somewhere (honest enough) we can be all t

his, baby?
Somewhere way too far from giving up
(if wrong is) wrong is all I've ever been,
But all I want is love again (with you, you, you, you),
And baby I know.

Now I know,
It ain't ever worth your heart (your heart),
And it ain't ever worth your tears (your tears),
And it ain't ever worth those scars that might not heal,
I need, I need, I need
I need, I need, I need
I need, I need, I need,
I need (now I know), I need (now I know), I need.

Took awhile but I now I know
Said I need you
Took some time but now I know
Said I need you
Almost lost you but I know, I know
