

Tearing It Down

TGT

Face down, waistline
She saying hold up, take mine
Deep down, oh make me tunnel, it's a beat down
Oh what a rumble

This is how we tear up the room
When we pour up
Hot enough that I can see the flames bout to go up
We gonna burn this motherfucker to the ground
Build another one

Your walls are caving in, I feel
Your problem is deep
Cause I'm tearing it down
Girl, I'm tearing it down
Your legs can't help but shake a few
Your water bout to break
Cause I'm tearing it down
Girl, I'm tearing it down
Oh, tearing it down

Girl, tonight, that ass belongs to me
Belongs to me

Face down, soft sound
She saying take me
And I'm about to lose it
It's a G code, and I'm in the beast mode
She starts to whisper
Have me how you like me

This is how we tear up the room
When we pour up
Hot enough that I can see the flames bout to go up
We gonna burn this motherfucker to the ground
Build another one

Your walls are caving in, I feel
Your problem is deep
Cause I'm tearing it down
Girl, I'm tearing it down
Your legs can't help but shake a few
Your water bout to break
Cause I'm tearing it down
Girl, I'm tearing it down
Oh, tearing it down

Yeah, that's all I wanna hear
Yeah, that's all I wanna hear
Yeah, that's all I wanna hear

I don't wanna move
I just wanna build right where you are
All these mad hours I done put in
We done came way too far
Let me finish my renovation
Tear down me some walls

And create some stimulation
Yeah, I'm going hard
But once you feel my creation
You gonna let me build
Until that thing look amazing

This is how we tear up the room
When we pour up
Hot enough that I can see the flames bout to go up
We gonna burn this motherfucker to the ground
Build another one

Your walls are caving in, I feel
Your problem is deep
Cause I'm tearing it down
Girl, I'm tearing it down
Your legs can't help but shake a few
Your water bout to break
Cause I'm tearing it down
Girl, I'm tearing it down
Oh, tearing it down

Girl, tonight your bad ass belongs to me
Belongs to me
