

Another Girl

Thalía

I can give you up
I'm so in love
I will share you with another girl
I swear this true
I'll do anything
Cuz the taste of your loving was everything

I know about your girl at home
I know everything about you
I know it's her you're going to
At the end of every night
I can tell you want me
And there's something that you're missing
Other wise we wouldn't be here
Hugging and kissing

He's got the sex appeal
That turns me on
When talking on the phone
I know what's wrong
No I can't resist
The way we kicking it
I just can't leave without him

Everyday I tell myself
That it's time to do the right thing
Gotta walk away before
Your baby gets to know
But just as I pick up the phone
And I start to dial your number
The devil on my shoulder
Says 'Damn it girl don't let him know'

We can go, if you wanna go
We don't have to make a show, never let it show
We can make it if you want, if you really want
I will share you with another girl
We can roll, if you wanna roll
We don't have to make a show, never let it show
We can make it if you want, if you really want
I will share you with another girl
