

# A Change of Heart

The 1975

Are we awake?  
Am I too old to be this stoned?  
Was it your breasts from the start? They played a part

For goodness sake  
I wasn't told you'd be this cold  
Now it's my time to depart and I just had a change of heart

I'll quote "on the road" like a twat and wind my way out of the city  
Finding a girl who is equally pretty won't be hard  
Oh, I just had a change of heart

You smashed a glass into pieces  
That's around the time I left  
When you were coming across as clever  
Then you lit the wrong end of a cigarette  
You said I'm full of diseases  
Your eyes were full of regret  
And then you took a picture of your salad  
And put it on the Internet

And she said, "I've been so worried about you lately"  
You look shit and smell a bit"  
You're mad thinking you could ever save me  
Not looking like that

You used to have a face straight out of a magazine  
Now you just look like anyone  
I just had a change of heart  
I feel as though I was deceived  
I never found love in the city  
I just sat in self-pity and cried in the car  
I just had a change of heart

Then she said, "I've been so worried 'bout you lately  
You were fit but you're losing it  
You played a part, this is how it starts"  
Oh I just had a change of heart

I just had a change of heart  
Oh I just had a change of heart  
Oh I just had a change of heart  
Oh I just had a change of heart  
Oh I just had a change of heart  
Oh I just had a change of heart  
Oh I just had a change of heart  
Oh I just had a change of heart
