

# I Couldn't Be More in Love

The 1975

At the best of times I'm lonely in my mind  
But I can find something to show you  
If you have got the time  
Why would I rely on the things that I did right?  
She said, "I gave you four years of my life"

So, what about these feelings I've got?  
We got it wrong and you said you'd had enough  
What about these feelings I've got?  
I couldn't be more in love

I could have been a great line  
I could have been a sign  
Or overstay my time  
Say what's on your mind  
Maybe I'll rely on all the things that made it right  
Because I'd give you all the years of my life

So, what about these feelings I've got?  
We got it wrong and you said you'd had enough  
But what about these feelings I've got?  
I couldn't be more in love

And what about these feelings I've got?  
We got it wrong and you said you'd had enough  
But what about these feelings I've got?  
I couldn't be more in love
