

# Is There Somebody Who Can Watch You

The 1975

I preferred it before  
We should ring dad more  
Lost our house  
Hold me close  
I stopped by, just to wash my clothes

I know it's me that's supposed to love you  
And when I'm home you know I got you  
Is there somebody who can watch you?

I know it's me that's supposed to love you  
And when I'm home you know I got you  
Is there somebody who can love you?

Is there somebody who can watch you?  
Is there somebody who can watch you?
