

It's Not Living (If It's Not with You)

The 1975

Danny ran into some complications
He falls asleep during conversations
He's gotta search the street
When he's on vacation
The worst thing is that I'm in the same situation

And all I do is sit and think about you
If I knew what you'd do
Collapse my veins wearing beautiful shoes
It's not living if it's not with you

And Danny says we're living in a simulation
But he works in a petrol station
(Selling petrol)
He says it all began with his operation
And I know you think you're sly
But you need some imagination

And all I do is sit and think about you
If I knew what you'd do
Collapse my veins wearing beautiful shoes
It's not living if it's not with you

All I do is sit and drink without you
If I choose then I lose
Distract my brain from the terrible news
It's not living if it's not with you

I can't stop sweating
Or control my feet
I've got a twenty-stone monkey
That I just can't beat
I can stage a situation
But I just can't eat
There's a feeling
You're replacing embrace

And it's true that
All I do is sit and think about you
If I knew what you'd do
Collapse my veins wearing beautiful shoes
It's not living if it's not with you

All I do is sit and drink without you
If I choose then I lose
Distract my brain from the terrible news
It's not living if it's not with you

I'll try to get a job in a bank I think
Danny spent his time trying to pack in the drink

It's not living if it's not with you
It's not living if it's not with you
