

# Love Me

The 1975

And hey! Would you  
Like to look  
Outside sometimes? (No)  
I'm just with my  
Friends online  
And there's things we'd like to change  
Next thing you'll find you're  
Reading 'bout yourself  
On a plane, fame, what a shame  
Oh, well, just keep looking, looking, looking, looking

And love me (Yeah)  
If that's what you wanna do (Oh, yeah)  
And love me (Yeah)  
If that's what you wanna do (Oh, yeah)

You've been reading 'bout yourself  
On a plane, fame for a change  
Caught up in fashion  
Karcrashian panache  
A bag of bash for passion  
You've got a beautiful face but got nothing to say (Oh!)  
You look famous, let's be friends  
And portray we possess something important  
And do the things we like, meaning

We've just come to represent  
A decline in the standards are what we accept  
Yeah, yeah  
Yeah, no

And love me (Yeah, oh)  
If that's what you wanna do (Oh, yeah)  
And love me (Love me, yeah)  
If that's what you wanna do (Oh, yeah)

Oh, so sack off your calendar  
Give it to the people  
Be the man that  
Gets 'em up on their feet  
Say "Oh, oh, oh, oh, oh"

Love me (Yeah, oh)  
And love me (Yeah)  
If that's what you wanna do (Oh)
