

# Somebody Else

The 1975

So I heard you found somebody else  
Well at first, when I thought it was a lie  
I took all my things  
And that made sound  
The rest I can do without

I don't want your body  
But I hate to think about you with somebody else  
Our love has gone cold  
You've intertwined your soul with somebody else

I'm looking through your body  
You're looking through your phone  
And you're leaving with somebody else  
I don't want your body but  
I'm picturing your body with somebody else

And c'mon baby  
This may be the last time that I see your face  
And c'mon baby  
You said you found someone to take my place

I just don't believe that you have got it in yourself  
I just wanna keep doing it every time  
I start to believe that everything has changed  
I don't wanna but I should be getting over it

I don't want your body  
But I hate to think about you with somebody else  
Our love has gone cold  
You've intertwined your soul with somebody else

I'm looking through your body  
You're looking through your phone  
And you're leaving with somebody else  
I don't want your body but  
I'm picturing your body with somebody else

Give some of your love  
Give something to me  
If I can't get money  
I can't give you my soul  
Cause I'm living alone

I don't want your body  
But I hate to think about you with somebody else  
Our love has gone cold  
You've intertwined your soul with somebody else

I'm looking through your body  
You're looking through your phone  
And you're leaving with somebody else  
I don't want your body  
When I'm picturing your body with somebody else
