

# The Ballad of Me and My Brain

The 1975

And well, I think I've gone mad  
Isn't that so sad?  
And what a shame you've lost a brain that you never had  
How much for a car? It can't have gone far  
I must have left it on a train or lost in a bar  
It's likely in a Sainsbury's  
Flirting with the girls that waited for me  
I've tried my best to clear my name  
Asking anybody that's seen my brain  
The brain was last seen going for a run  
And would you sign an autograph for my daughter, Laura  
Cause she adores ya, but I think you're shit  
I've gotta look for my my brain for a bit  
I stand outside and hide my eyes  
Well what do you expect when you've got no mind?  
Say it's a slow day, it drives me insane  
Where would I be if I was my brain?

tell me said she felt my pain  
She didn't find a single trace of my brain  
Oops I did  
Forget my brain, remember my pain
