

Dumb diggi-diggi-di dumb di-dumb  
And 'though I know it would be fun to get some  
Gotta run now, gotta go  
Gotta get home  
'Cause my baby's boy's on his own  
Better be dumb diggi-diggi-di dumb di-dumb  
And 'though I know it would be fun to get some  
Gotta run now  
I gots ta get home,  
My baby boy's on his own

Above the feeling  
This is revealing  
Boy I didn't know you cared  
Mustve been up on the weekend  
In the club freakin'  
Boy I could see you stare  
You were lookin right at me  
Lookin right back  
We knew there was something there  
And I know you knew that if we did do this  
It would be an affair

'Cause my mans at home  
Lookin at the finger his ring goes on  
He got trust in me  
How'm I gonna live with myself if I cheat

Gotta run now  
I gots ta get home,  
My baby boy's on his own

Up on the dancefloor  
Then ya go ask for a night in with me  
But ya know that ain't gon' happen  
I won't get trapped in  
This, see, it just ain't me  
And you can try, seduce me  
But its no use, see  
I'm in love with my baby  
And I won't let you in  
Mess up and move in  
To do that I'd be crazy

'Cause my mans at home  
Lookin at the finger his ring goes on  
He got trust in me  
How'm I gonna live with myself if I cheat

There's no way that I'm gon' play  
I don't care what you gon' say  
Even though you make me crazy  
I won't risk losing my baby  
There's no way that I'm gon' play
