

Together Let's Find Love

The 5th Dimension

Don't know much about this thing called love,
But I'm willing to try.

I don't know much about it either, baby,
But if you're willing, then so am I.

Together, we will float away in a dream.
On our own private cloud,
If you know what I mean.

Oh...

Together, oh, baby, let's find love.
Baby, baby, you and me.
Together, oh, baby, let's find love.
Together, baby, you and me, that's the way it's got to
be.

I don't know much about the feeling shared
When two lovers kiss.

Oh, and I don't know much about it either, baby,
But I'm willing to find out what I missed.

Together, we'll persue love to the extreme.

Let's not miss a thing, girl, if you know what I mean.
Oh...

Together, oh, baby, let's find love.
Baby, baby, you and me.
Together, oh, baby, let's find love.
Together, baby, you and me, that's the way it's got to
be.

Oh, oh, together, oh, oh, baby let's find love.
Baby, baby, you and me.
Together, oh, oh, baby, let's find love.
Together, baby, you and me, that's the way it's got to
be.

Oh, oh, together, oh, baby, let's find love.
Baby, baby, you and me.
Together, oh, oh, baby, let's find love.
Together, baby, you and me, that's the way it's got to
be.
