We're like two fingers of the same hand
The Hand of Fate writing on the sand
What does it matter
What does it mean
Can you see the difference
In the lines between

I'm gonna run away with you
Gonna run away into your eyes blue
I'm gonna run away with you
I'm gonna run away into your eyes blue

We're like two fingers of the same hand Beautiful strangers of the strange land What does it matter What does it mean Can you feel the difference And the passion between

I'm gonna run away with you
Gonna run away into your eyes blue
I'm gonna run away with you
Gonna run away into your eyes blue

I'm gonna run away with you
Gonna run away into your eyes blue
I'm gonna run away with you
I'm gonna run away into your eyes blue
Into your eyes blue

Blue, blue, blue
Into your eyes blue

I'm gonna run away with you
Gonna run away into your eyes blue
I'm gonna run away with you
Gonna run away into your eyes blue

I'm gonna run away with you
Gonna run away into your eyes blue
I'm gonna run away with you
I'm gonna run away into your eyes blue
