

Did you ever try to understand  
What goes inside of a man  
That used to hold your hand  
Did you ever try to understand  
What goes inside of a man  
That gives his love in your hands

Some nights we die  
Some nights we cry  
Don't push your love over the borderline  
Some nights we die  
Some nights we cry  
Don't push your love over the borderline

Don't push your love  
Over the borderline  
Don't push your love  
Over the line  
Don't you push your love

Did you ever try to understand  
What goes inside of a man  
That used to hold your hand  
Did you ever try to understand  
What goes inside of a man  
That gives his heart in your hands

Some nights we die  
Some nights we cry  
Don't push your love over the borderline  
Some nights we die  
Some nights we cry  
Don't push your love over the borderline

Don't push your love  
Over the borderline  
Don't push your love  
Over the line  
Don't you push your love
