

## Demolition Derby

The 69 Eyes

She got a sweet funky power machine  
Shinin' chrome if you know what I mean  
Speedin' the ride up to 99  
Drive me on baby thru the 'lectric nite  
Like a sweet ass-kickin' love machine

Goin' down on the demolition derby  
Straight outta Hell  
Goin' down on the demolition derby  
Honey you can tell yeah

Well she rides like a motor-psycho speed queen  
Hell on wheels if you know what I mean  
Piercin' the nite down on the 69  
Drive me on baby at the speed of light  
Like a sweet supersonic sex machine

Goin' down on the demolition derby  
Straight outta Hell  
Goin' down on the demolition derby  
Honey you can tell yeah
