

Forever More

The 69 Eyes

Been a while ever since
The wildest of the winds
Been whispering
About you again
Been a while ever since
The wildest of winds
Started whispering
About you again

Feel my heartbeat
Like it's just begun
Feel my heartbeat
On this endless run
Feel my heartbeat
Forever more
Feel my heartbeat
Feel my heartbeat
Like it's just begun
Feel my heartbeat
On this endless run
Feel my heartbeat
Forever more
Feel my heartbeat
Once more

Been a while ever since
I let it shine in
Been wandering
without you within
Been a while ever since
I let it shine in
I've been wandering
Without you within
