

# I Love the Darkness in You

The 69 Eyes

Every time I see you there  
In the pale moonlight  
Dancing there all alone  
With a grave in your mind

She's in parties with the flashlights  
She's got cemetery eyes

I love the darkness in you  
So dirty  
So blue

Every time I meet you there  
In the silvery light  
Dancing like all is gone  
But the Hell in your mind

She's in parties with the flashlights  
She's got cemetery eyes

I love the darkness in you  
So dirty  
So blue  
Darkness in you  
So fuckin' dirty  
And blue

You buried me so deep  
I couldn't never believe
