

## Smashed 'n' Trashed

The 69 Eyes

Baby baby baby let me pick your cherry  
Go star-gazin' on yer back  
To crack a Judy's teacup I'll give you a little upshot  
Doncha say your mama's comin' back  
I may be too upside down  
On your dead-end street  
But you've got that love so deep  
It's gonna be a double-event for you and me

Can't get thru  
2 smashed 2 trashed

I can't help myself born to raise hell  
Doin' that bone dance much too well  
Been to Mexico been to Jericho  
Been so blind as a boiled owl  
I can't feel no pain  
Now I'm right outta my brain  
Don't know the way back home  
Likkered up and laid to the bone

Can't get thru  
2 smashed 2 trashed
