

Voodoo Queen

The 69 Eyes

Alright

Come on

My little voodoo queen
Black magic blood ecstasy
My little voodoo queen
Black magic blood ecstasy

In the heat of the tropic night when the commons leave alone
Black stage on the altar of love at the speed of the spiderman
bone

My little voodoo queen
Black magic blood ecstasy
My little voodoo queen
Black magic blood ecstasy

Dark rituals seal the love of centuries to come
Jungle bloods are everywhere the black maid has won

My little voodoo queen
Black magic blood ecstasy
My little voodoo queen
Black magic blood ecstasy

Those bloods served as wine (she's the queen of the night)
Like the tears of the voodoo of life (back to the lower side)

In the heat of the tropic night when the commons leave alone
Dark rituals seal the love of centuries to come

My little voodoo queen
Black magic blood ecstasy
My little voodoo queen
Black magic blood ecstasy

My little voodoo queen
Black magic blood ecstasy
My little voodoo queen
Ecstasy
