

Dream Hat

The 6ths

I've been working in these here fields
It's like it's something real
Like it's got something to do with me
Looking out on a wasted life
With a wasted wife
Who will have nothing to do with me

But I wear a dream hat now, one that's made of silk and lace
I wear a dream hat now, the only way to leave this place
I wear a dream hat now and give up on the human race
I wear a dream hat now so I don't have to see your face

I have suffered a million fools
In factories and schools
And in my little trailer home
I have suffered a million fools
In rags and in jewels
I just want to be let alone

But I wear a dream hat now, one that's made of silk and lace
I wear a dream hat now, the only way to leave this place
I wear a dream hat now and give up on the human race
I wear a dream hat now so I don't have to see your face
