

Lindy-lou

The 6ths

I haven't got a diamond ring for you
I have not got a thing for you
All I can really do is sing for you
My lovely Lindy-Lou

Who would have thought that you could care for me?
That you could walk on air for me?
Say that you will always be there for me
My lovely Lindy-Lou

And should it rain, I'll hold the parasol and call the raindrop
s falling stars
And though we'll never get to Paris, I'll build Paris wherever
we are
