

## Not Enough

The 88

Got a new revelation  
Wrote on the wall  
Ya I got a new inspiration  
Watching you fall

I put a hole in your pocket  
That you never saw  
Ya I put a hole in your pocket  
You never saw

So now you wanna get back all your love  
That you say is coming in from above  
And you promise that you got a new tune  
Well that's not enough

I got a new concentration  
Cause you never call  
Ya I got a new invitation  
Watching you crawl

So now you wanna get back all your love  
That you say is coming in from above  
And you promise that you got a new tune  
But you never even know what to do

What's the point of talking if that's not enough
