

All the Young Droogs

The Adicts

OK!

You're the future making history
Kids will be kids and they will be what they'll be
You are the young droogs, making friends making foes
You are the young droogs, and that's how it goes
All the young droogs rule ok
All the young droogs rule ok
OK!
OK!

All the boys and the girls
Gotta make the best of this world
Gotta have faith gotta have trust
Gotta help them out, you know that we must

All the young droogs show us the way
All the young droogs rule ok
All the young droogs rule ok
OK!

na na na na na na
oh yeah (2x)

All the young droogs rule ok
All the young droogs rule ok
OK!

A generation growing up fast
Look to the future
Don't forget your past
In the streets and the shcools
And the shows and the nails on the wall
Let's keep it safe
For all you guys and dolls

All the young droogs rule ok
All the young droogs rule ok (3x)

OK! (3x)

All the young droogs rule ok (4x)

You're the future... (4x)
