Champs Elysees

I look so debonaire I haven't got a care in this world, this crazy world And I act oh so suave Sophisticated, boy I've got it all I'm a star

Dance the night away Down in gay Paris Dance the night away On the Champs-Elysees Dance the night away Down in gay Paris Dance the night away Make it sleazy

I am a mystery Not what I seem to be, oh no It's so Parisian. I am a masquerade Just a man-parade So I dance, I dance with you.

Dance the night away Down in gay Paris Dance the night away On the Champs-Elysees Dance the night away Down in gay Paris Dance the night away Make it sleazy

I look so debonaire I haven't got a care in this world, this crazy world You'll see my name in lights One of the better sights I'm the attraction, I'm a star. **The Adicts**
