

Don't Let Go

The Adicts

Baby talk baby talk to me
Baby walk baby walk with me
If you're gonna hide away from everyone
By the way, can I come
Don't let go
Keep a hold of me
Don't let go
Get a grip of me
Baby baby let's have a little fun
Come on baby take a walk in the sun
If I wander will you tie me down
Don't want to play around
It's the way that I want it to be
You won't find another fool like me
Baby baby can you understand
Girl you've got me in your hand
