## **The Adicts**

Baby talk baby talk to me Baby walk baby walk with me If you're gonna hide away from everyone By the way, can I come Don't let go Keep a hold of me Don't let go Get a grip of me Baby baby let's have a little fun Come on baby take a walk in the sun If I wander will you tie me down Don't want to play around It's the way that I want it to be You won't find another fool like me Baby baby can you understand Girl you've got me in your hand
