

## Give It to Me Baby

The Adicts

You got the guns and the gongs  
And the whips you're the bomb  
You got everything I need  
You are trouble yes indeed  
You got the chains and the hooks  
Oh those curves what a look  
You got everything I crave,  
take me I'm your slave  
Oh, oh you got me going  
Give it to me baby I'm addicted to you  
You aphrodisiac  
You make me maniac  
That luscious style  
Sure does drive me wild  
You got the slaps and the tickles  
That really make me trickle  
You fire up my desire  
My hunger can't be higher
