All I want is to be with you
All I need is the need for you
All I see in my mind
Is a little girl who's hard to find

Love is blind I've had enough Love is cool That sucks I'm not a fool I've had enough

All I want is to be with you
All I need is the need for you
All I see in my mind
Is a little girl who's hard to find

Love is blind I've had enough Love is cool That sucks I'm not a fool I've had enough

Love Sucks
