

Make My Day

The Adicts

You don't need a leader
To tell you who to be
What is there to stop you from being free

Well what do you say
This is going to be my day...

You can be a hero
You can be a king
It's in you're hands
To be Anything

Well what do you say
This is going to be my day...

You don't need a leader
To tell you who to be
What is there to stop you from being free

Well what do you say
This is going to be my day...

You can be a hero
You can be a king
It's in you're hands
To be Anything

Well what do you say
This is going to be my day...
