

# Over There

The Adicts

Funny how life can be  
I question my self esteem  
I'm not shirking it, I just question it  
Kids just wanna know more  
I'm just like anyone  
Looking for answers since I was born  
I still question it  
I'm not faking it  
I just wanna know more  
Over there, over there  
The sun is always shining  
Over there, over there  
But the sun don't shine on me  
And I'll say Oooh ooh, to every boy and girl  
And I'll say Oooh ooh, oh we're gonna get there  
And I'll say Oooh ooh, to every boy and girl  
And I'll say Oooh ooh, yeah we're gonna get there  
Yeah we're gonna get there
