

Too Much of a Good Thing

The Adicts

One of those nights can't go wrong
I haven't felt this way for so long
One of those nights when my luck
Is in they're saying yeah to what i'm asking
One of those days when I sing along
in perfect harmony to everybody's song
One of those days when I feel so glad to be alive,
It ain't so bad it's a feeling I've never known
Everything I touch seems to turn to gold
It's a feeling that I want to keep
But the river runs wide and so deep
One of those nights can't go wrong
I haven't been this way for so long
One of those days that are so good
Will it last if only it could
