

Troubadour

The Adicts

I wonder all over
I wonder alone
Adventure, romance
Many I've known

I'm just a troubadour
I'm in love with you
Traveled the world
Seen all the girls
I'm in love with you / 2x

I know that you know that
I'm looking at you
I'll sing you a story
And this one is true
I look at you
Look at me not a big star
Boys and girl
That's what we are

I'm just a troubadour
I'm in love with you
Traveled the world
Seen all the girls
I'm in love with you /2x

You know that I love you
You know that I do
Whatever happens
You know I love you

I'm just a troubadour
I'm in love with you
Traveled the world
Seen all the girls
I'm in love with you ...
