

## New Church

## The Adverts

Maybe - maybe a fool for trusting  
Maybe - maybe a fool for following  
The God of wisdom not of love

But I'm riding with the new church  
I'm riding with the new church  
Relying on the new church  
And a new word

Hang on - if you hang on to faith and meekness  
Before long it's power for the strong  
It's twisted into something evil  
something wrong

So I'm riding with the new church  
I'm riding with the new church  
Relying on the new church  
And a new word

So long - goodbye to the blind and the weaklings  
Be strong - I'll do what I want  
I'll follow my feelings  
I'll go where they lead me

Strength within you, not without you  
The new church needs you
