

Until The World

The Afters

I lose myself to find in me
The way it really ought to be
It's hard to say I love you
It's hard to say I need you
If all is well it's hard to tell
It hurts to think of someone else
It's hard to say I'll be there
It's hard to say I really, really care

Until the world won't turn
'Til the planets burn
Until the sun dies I'll be there
Until the heavens come
'Til this life is done
Until the world dies I'll be there

I can't see outside myself
How can I live for someone else
It's hard to say I'm sorry
It's hard to say forgive me
I can't believe you're here with me
Into the future I can't see
It's hard to say forever
It's hard to say I'll never ever go
