Until The World

I lose myself to find in me The way it really ought to be It's hard to say I love you It's hard to say I need you If all is well it's hard to tell It hurts to think of someone else It's hard to say I'll be there It's hard to say I really, really care

Until the world won't turn 'Til the planets burn Until the sun dies I'll be there Until the heavens come 'Til this life is done Until the world dies I'll be there

I can't see outside myself How can I live for someone else It's hard to say I'm sorry It's hard to say forgive me I can't believe you're here with me Into the future I can't see It's hard to say forever It's hard to say I'll never ever go
