

Exist To Resist

The Age Of Electric

Bottom won't make it go away
Petting doom is second to nothing
Could I waste more time getting there?
Or share in the boiling know how
Exist to resist
I'll feed myself
You're gonna wanna watch, I'll bet
Exist to resist
Beside myself, beside myself
Holding back, we don't kiss the run At the beginning of summer,
in the
field of skies
Found how to save some time to waste
Your most hopeful trait
You swoon, I wane
Exist to resist
I'll feed myself
You're gonna wanna watch, I'll bet
Exist to resist
I wanna join, wanna sign, wanna buy
I'll stir the consequences
Inner bursting joy, down boy
Exist to resist
Beside myself
Beside myself
Beside myself
