

I Don't Mind

The Age Of Electric

Bottled up on coming down
Binge and purge and yet you never miss a meal
Fashion equals Fascism
Bolan smiling down on your empty intentions
Vacant grace, fall or fly
I don't mind, I don't mind
I'll try anything
Hypersensitive, keep me up like freasy spoon truck stop coffee
Supermodel razorburn, talking stuff and
Eye candy and fun for pvc
Fall or Fly
I don't mind, I don't mind
I'll try anything
I don't mind, I don't mind
I'll swing at everything
Hide it all away
I will hide it all away
I will hide it all inside
Bottled up on coming down
Binge and purge and yet you never miss a meal
Feast or famine, Crash and Burn
Bolan is smiling down on me
Bolan is smiling down on me
