Throw out your Cosmo, Your Details, Your Vogue

She's sick of being tired and tired of being sick  
She smells like dope, My God she tastes like cinnamon  
I'm in love, Your so fucked up I think I love you  
She told me that she was born at Woodstock  
I told her that I had never been there

The who played all of Tommy  
And Jimi's Star Spangled Banner  
But Kiss didn't play, So I didn't really give a...  
I tried to say I'd be her bimbo  
If she could fit me in  
But I just mumbled something incoherent  
Like  
I know that she knows  
She could take me for a ride  
She said that I said  
She could take me for a ride
