The Aggrolites

CHORUS I say hey, HEY Oh oh oh I say hey, HEY Oh oh oh

Do you see that? Do you hear that? There goes Mr. Misery Can you feel him? As he breathing, On down your neck Do you know him? Do you hate him? 'Cus you know he don't like you Can you tell him, You don't like him?

Here he comes, Mr Misery To ruin the day

- He hates everything and everything all else His world, is so ugly Black & white and everything's so old And when he's near you You can see all the blood in his body is do damn cold

Sail away, Mr Misery I quit knowing you 'Cus all you do is make things worse And what you put me through
