

# Innocence

## The Airborne Toxic Event

I wanna disappear  
I just sleep all day  
The spots on my hands  
My skin just like sand  
The air so cold, I shutter and I can't sing

Carpet on my feet, sweat stains on the sheets  
Cough, syrup and drugs, bandages and gods  
Razors dull, water cold against my skin  
Radio loud, ecstatic, buzzing around like a tin

And all these empty plans, ink stains on my hands  
And everyone says the best words for the gray  
Of these weary morning tones  
I probably saved mine too  
If heaven's just a long road home  
Tell me it's true, I'll come too  
I'll come too, I'll come too...

I lost my innocence today  
I could feel her in my bones  
My bones, my bones, my bones  
My blood, my blood, my blood, my blood

And I woke up, tired, scared and sad  
Soaked, drained, I felt so bad  
Today, today, today  
What you still, you still, you still, you still  
Won't you say, you say, you say, you say  
What you feel, you feel, you feel, you feel  
Which is nothing but hollow feelings, yeah  
I can, done, I just don't care

And forget happiness, I'm fine  
I'll forget everything in time  
I swear I didn't know,  
You know me, how I can't let go  
And we're not guts, we're just hacks  
All that life got lose the cracks  
The scars, the scene that breaks  
The ugly teens, the worst mistakes  
And everywhere I see her face  
Such a beautiful child, such an awful waste  
And there's no innocence like hers  
Just emptiness and nerves

And this light from the window of my car  
She'll never see it, oh my God  
I was so surprised, it blew up in my face  
Lord, I lost my nerve, oh my God  
Oh my God, oh my... God  
And I tear, I tear, so hard  
And I tear, I tear, so hard  
And I beg and scream, "I was wrong"  
It's over, she's gone
