A Dream Within a Dream

The Alan Parsons Project

[Instrumental]

"For my own part, I have never had a thought which I could not set down in words with even more distinctness than that with which I con ceived it. There is, however, a class of fancies of exquisite delicacy whi ch are not thoughts, and to which as yet I have found it absolutely imposs ible to adapt to language. These fancies arise in the soul, alas how r arely. Only at epochs of most intense tranquillity, when the bodily an d mental health are in perfection. And at those weird points of time, w here the confines of the waking world blend with the world of dreams. A nd so I captured this fancy, where all that we see, or seem, is but a d ream within a dream."
