

Blue, Blue Sky

The Alan Parsons Project

I only know what I can see
So I imagine what could be
Where the horizon cuts the air
Look for me out there
Someday, I'll touch the blue, blue sky
woo-ooo
Someday, I'll touch the blue, blue sky

If I could kiss this earth good bye
And cruise the never - ending sky
Where the horizon cuts the air
Wait for me down there
Someday, I'll touch the blue, blue sky
woo-ooo
Someday, I'll touch the blue, blue sky
