

Nothing Left To Lose

The Alan Parsons Project

1. Nothing's good that uses bad
The heat goes on and it drives you mad

Scornful thoughts that fly your way
You should turn away, 'Cause there's nothing more to say
2. You gave the best you had to give
You only had one life to live
You fought so hard you were a slave
After all you gave, There was nothing left to say
- R: You've got nothing left to lose

(you've got nothing left to lose)
Oh, you've got nothing left to lose
(wouldn't want to be standing in your shoes)
3. You read the book, you turn the page
You change your life in a thousand ways
All the pleas that light your eyes
With the key you realize, To the kingdom of the wise
- R: You've got nothing...
4. Nothing ventured, nothing gained
No more ling'ring doubt remains
Nothing sacred or profane
Everything's a game, Cause you've nothing left
