

# Nothing Left To Lose

The Alan Parsons Project

1. Nothing's good that uses bad  
The heat goes on and it drives you mad  
  
Scornful thoughts that fly your way  
You should turn away, 'Cause there's nothing more to say
  
2. You gave the best you had to give  
You only had one life to live  
You fought so hard you were a slave  
After all you gave, There was nothing left to say
  
- R: You've got nothing left to lose  
  
(you've got nothing left to lose)  
Oh, you've got nothing left to lose  
(wouldn't want to be standing in your shoes)
  
3. You read the book, you turn the page  
You change your life in a thousand ways  
All the pleas that light your eyes  
With the key you realize, To the kingdom of the wise
  
- R: You've got nothing...
  
4. Nothing ventured, nothing gained  
No more ling'ring doubt remains  
Nothing sacred or profane  
Everything's a game, Cause you've nothing left
