

# Sold Me Down The River

The Alarm

There's a fire beneath my skin  
There's a fever that makes me ill  
Got a love, a love that kills  
I've got twenty four hours to live

Comeback, I'm begging you please  
Comeback, I'm down on my knees  
Comeback, I'm begging you please

I don't know why and I don't understand  
How you sold me down the river  
I don't know why  
I don't understand  
How you sold me down the river  
Sold me down the river

There's a rose across my chest  
Got your name written on it  
Love's the drug that I live by  
Give me a shot before I die

Comeback, I'm begging you please  
Comeback, I'm down on my knees  
Comeback, I'm begging you please

I don't know why  
I don't understand  
How you sold me down the river  
I don't know why  
I don't understand  
How you sold me down the river  
Sold me down the river

Sold me down the river tonight  
Who who  
I've got twenty four hours

I don't know why  
I don't understand  
How you sold me down the river  
I don't know why  
I don't understand  
How you sold me down the river  
Sold me down the river

All right

Sold me  
Sold me  
Sold me down the river

Sold me  
Sold me  
Sold me down the river

I don't know why  
I don't understand

How you sold me down the river  
I don't know why  
I don't understand  
How you sold me down the river  
Sold me down the river  
Sold me down the river  
Sold me down the river
