

Wandering And Wondering

The Alchemist

I feel and I smell and I taste and I see
Experiences they dub reality
I'm living life's journey the best that I can
But sometimes I find I don't know where I am

I often perceive the world out of context
The more that I wonder the more I'm perplexed
So I look to balance and self-harmony
While I'm in life and life's in me

I am a being who is unique
What I discover depends what I seek
I wish to travel without to within
To discover existence outside of my skin

I feel and I smell and I taste and I see
Experiences they dub reality
I'm living life's journey the best that I can
But sometimes I find I don't know where I am

I often perceive the world out of context
The more that I wonder the more I'm perplexed
So I look to balance and self-harmony
While I'm in life and lives in me

I feel, smell, taste and I see
Experience called reality
And I live the best that I can
